Last Minute Surge Brings Out 12 For Fulton Council

The Fulton County Court Clerk did a brisk business last Saturday when a barrage of last minute candidates for city offices of Fulton and Hickman beat the midnight deadline for filing.

It appeared at first that perhaps the present Fulton City Council might have to serve for an indefinite period because of the lack of candidates for Mayor and Councilmen.

But midnight brought a total of 12 candidates for City Council of Fulton, even though two candidates who had previously filed, withdrew for various reasons.

Popular Nelson Tripp, an employee of the Illinois Central Railroad is the lone candidate for Mayor of Fulton, and like H. H. Perce who is a candidate for re-election as City Judge, has no opposition.

The same situation prevails in Hickman with C. K. Davis as the only candidate for Mayor of that city and W. H. Caldwell the only candidate for City Judge of Hickman.

Early indications in the election for the municipal offices of Fulton are that two distinct slates will submit for the offices of City Council; one slate has indicated that it will be termed the "People's Ticket for a Progressive Fulton."

It is apparent that the election for city offices in both Fulton and Hickman will be lively. Hickman has 18 candidates for the six City Council offices.

A complete list of the candidates who will appear on the ballot for the county, district and city offices are as follows:

City Of Fulton
For Mayor: Nelson Tripp; for City Judge, H. H. Perce; for City Council, John Earle, Smith Atkins, Orian Winstead, Charles Rice, J. O. Lewis, J. Ward Johnson, Jack Graves, Charles Jones, Jr., Grady Varden, Dr. M. W. Blankenship, James Green and Robert S. McClain.

City Of Hickman
For Mayor: C. K. Davis; for City Judge, W. H. Caldwell; for City Council: Norman Watson, Wesley King, M. C. Castleman, Leon Harris, Howard Anderson, Dr. Richard White, Walter Austin, Percy Thomas.

RAY CAMPBELL AND JOE GARRISON ARE GRAVELY INJURED

Auto Accident Monday Night Occurs On Union City Highway

Two Fulton youths were critically injured when a 1949 model two-door Ford in which the payment and crashed into they were riding skidded off Napier's creek near Napier's store on the Union City-Fulton highway about 9:15 p. m. Monday.

Ray Campbell, 19, driver, suffered the fracture of two vertebrae, Joe Garrison, 20, passenger, suffered severe head injuries and had not regained consciousness Wednesday. Both were taken to Bushart's clinic in Fulton by White-Ransom ambulance of Union City.

They were given emergency treatment by Dr. Glynn F. Bushart and admitted. Dr. Bushart described the condition of both men as "critical".

Mr. Campbell is the son of Mr. and Mrs. Presley Campbell of Fulton, owners of the Parisian Laundry & Dry cleaners. Mr. Garrison is the son of Mr. and Mrs. M. E. (Red) Garrison of Terry road, Fulton.

The car, a total loss, was towed to Union City.

It was reported that the car, northbound, apparently skidded on the wet pavement, reversed its direction, crashed through the guardrail, and lodged in the creek below.

No other vehicle or person was involved in the accident.

(By Paul Westpheling)
Fulton, Kentucky will be in the national spotlight next Monday evening as an estimated sixty-million television viewers across the nation will watch lovely Nancy Adams sing on the Arthur Godfrey "Talent Scouts" show, and if the applause meter could be "turned up" so it could catch the good wishes of all the folks back around Fulton, Nancy would win without a race. My applause alone would do it.

As things stand, Nancy will be competing with two other performers for the coveted "winner" award, which carries with it an ensuing week of TV performing on the daily Godfrey morning program, beginning the following morning.

Nancy will be introduced to Arthur Godfrey by her "talent scout", Jo (Mrs. Paul) Westpheling, co-publisher of the Fulton NEWS and co-owner of Radio Station WFUL. Godfrey usually plies the talent scouts with several minutes of questions about themselves, their business, their home town and such things, and if Jo's southern accent doesn't get things localized quickly I'll miss my guess.

Anyway you look at it, it ought to be a good program. Jo will be at her talkingest, and Nancy will look her prettiest and sing her sweetest, and barring a case of stage fright which I don't look for in usually calm and collected Nancy, the audience can't help but fall for her.

Nancy was uncertain of the number she would do, when she left Fulton, figuring that some determination would be made by the program staff after she arrived in New York for rehearsals Thursday, April 18. She was also uncertain as to whether or not the director would want her to do a number to self-accompanyment on her ukelele. She can do any one of over 125 numbers in fast, slow or medium tempo, popular hits or old standards.

Jo, Nancy, Lucille Adams shows are former Godfrey co-winners. Nancy received Nelle Wright left Fulton early Tuesday morning by auto for a combination business and recording companies before she left Fulton, seeking her for recordings in Nashville or New York. Since time did not permit arrangements for any recording in Nashville, she plans the show will be telecast "live" from New York Monday evening, April 22, at 7:30 p. m.

Should Nancy have the good fortune to win and stay over for a week, the entire group plans to stay with her. If she is not the winner the foursome will plan to leave New York on Wednesday morning and return to Fulton Friday afternoon or evening.

In New York, the foursome are staying at the Knickerbocker Hotel.

Winning such a show can often mean big things for a vocalist; a number of today's most popular names on records as well as on regular TV.

As ole Podner Gene Gardner would say, "The Lord willing and the creeks don't rise" I'll be in New York City by the time you read this notebook. That is, I'll be in New York if by the time I take off I don't disintegrate into little bits of pieces from excitement and exhaustion ere I take off in the yellow beetle (the Buick) for the long trek to the big ole city.

By now you know that I will appear on Arthur Godfrey's Television program, "Talent Scout" on Monday, April 22 at 7:30 p. m. on KFVS-TV. I have the single honor of accompanying Nancy

 Congratulations to Miss Patsy Nannery who was chosen as the Sweetheart of the Martin F. F. A. Chapter for 1957.

Several from this community were guest of the Martin F. F. A. Chapter at their annual banquet which was at the Mt. Pelia Community Center last Thursday night. Special awards were presented to Jerry Bondurant, Jerry Williams and Jerry Wheat from Chestnut Glade for outstanding work.

Roy Ray suffered a heart attack last Saturday and is a patient at the Fulton Hospital. Congratulations to Mrs. Du-rrell Terrell whose name was drawn for the \$100.00 at the Pot-O-Gold drawing last Thursday.

A large crowd attended the sale of dairy cows at the Roy Ray farm last Monday. It was necessary for him to dispose of this nice herd, due to doctors orders.

Mrs. Jessie Johns has returned from a visit with her children in Detroit.

Mr. and Mrs. D. J. Jones have changed a part of their poultry house into a nursery for baby calves. A different project to any around here. We

are indeed living in a changing world. It is rumored that Mike Nannery is changing his broiler house into a pig parlor. These are interesting projects. The Weakley County Teachers had their banquet at Dresden Tuesday night.

IT HAPPENED IN KENTUCKY
 1888—McCoy-HATFIELD FEUD
 The feud proper started in 1882. A sow and some pigs, turned loose in a wood, were taken in by a Hatfield. One of the McCoy family claimed them. A trial resulted and the feud began. It came to a head in 1888 when three McCoy's were killed by a gang of 23 men, said to be the Hatfield clan. Troops were sent to Pikeville to restore order.

In Kentucky's historic past, just as today, many of our citizens have always enjoyed a glass of beer. The brewing industry makes jobs for thousands of our residents. The sale of beer under orderly conditions is an important objective of the United States Brewers Foundation. Our continuing educational program helps beer retailers maintain their high standards.

A new age of automobiles begins with this car

Here Today! The FORD SKYLINER — world's only Hide-Away hardtop

Once in a long, long while a car comes along that people remember and talk about for years after its introduction.

The first model "A" Ford was such a car . . .
 The first Ford V-8 was such a car . . .
 The first Ford Thunderbird was such a car . . .

Today Ford Division is proud to announce still another car that many say is destined to become the most famous Ford of all: The Skyliner—world's only hide-away hardtop.

If you plan to buy a new Ford, or already own one, the fact that Ford created this car is important to you. For all the exhaustive research, planning and testing that went into the Skyliner is evidence of the engineering skill you get in every Ford model.

The Ford SKYLINER, the only all-steel hide-away hardtop, is a car for history.

This is an old dream of Detroit, a dream of two generations of motorists. And today Ford has made that dream come true—in steel.

But the story behind this dream is a story of men who refused to accept "no" for an answer. In the Ford tradition they kept striving toward the goal long after others had given up the chase.

To understand this Ford spirit you must go back to 1908. That was the year when many Detroiters smiled smugly as Henry Ford announced, "We will build a motor car for the great multitude . . . so low in price that no man making a good salary will be unable to own one."

And they did.

Today, nearly a half century later, Ford continues to cause the "experts" to change their tune. When you see this all-steel hardtop that retracts into a convertible, you'll be seeing a car that many said would never be mass-produced.

But Ford did it.

It was December 1956 — after eight years of research, planning, experimenting and testing—when Ford unveiled this masterpiece . . . unveiled it amid all the pomp and splendor of the New York Automobile Show.

And now this history-making car, this prototype of a whole future generation of cars, is ready for your own personal inspection in the showrooms of many Ford Dealers.

Plan to see it soon. And ask your Dealer to show you the exciting advances in all models of the new Ford line for '57.

It's the newest new kind of Ford

1. It's an all-steel hardtop with sleek Victoria styling . . . 2. Touch a button and presto! It's a sun-loving convertible!

Hardest Dairy Chore Becomes One Of Easiest With New Mechanical Helper

By IRA MILLER
Farm Electrification Bureau

Mechanical barn cleaners are on their way, but have not arrived as yet on nearly all of the farms in those areas which can use them effectively. Such areas cover most of the country, with exceptions found in many warm climates where cows are stabled only at milking time and where high pressure hoses are used for cleaning purposes.

Regardless of the type used, some kind of mechanical cleaner is essential to the busy farmer who wants to save time and effort. The hardest job on a dairy farm is manure removal. On many farms the barn cleaner is used every day of the year, frequently twice daily.

Acceptance of the barn or gutter cleaner has not been as rapid as many agricultural engineers had hoped. This is not surprising, however, because most new devices are often slow to "catch on." And, then, it has taken time to develop cleaners to fit all barns. Present types now can be used in single or double gutter barns, as well as in barns which may have three gutters or which are of L-shaped construction.

A recent survey of more than 600 dairy farms with herds ranging from 10 to 100 cows, shows that time spent in cleaning barns by hand runs from

20 minutes to more than 2 hours daily. The average time required for this chore, without barn cleaners, was 54.2 minutes. When cleaners were installed the time was reduced to an average of 13.2 minutes.

The on-the-farm pictures below provide an idea of the versatility of the modern barn cleaner. In the upper left we see the dumping end of separate cleaners installed in each gutter of a 2-gutter barn. Manure is removed from the barn and dropped into a waiting spreader. The lower left picture shows a newly built bull barn in which a barn cleaner has been installed—as will be noted in the picture at the upper right. The picture at the lower right shows the installation of a conveyor which carries manure from the barn cleaner in a ground level barn to a spreader.

STATE HISTORICAL SOCIETY PRESERVES TREASURE HOUSE OF KENTUCKY HISTORY

(By Charles F. Hinds)
Secretary-Treasurer, Kentucky Historical Society

Founded in 1836 in Frankfort, the Kentucky Historical Society is one of the oldest and most successful organizations of its kind.

Its headquarters is the Old

State House, an excellent example of Greek Revival architecture and first of many notable buildings designed by Kentucky's early-day architect, Gideon Shryock. The museum in the building is a treasure-house of Kentucky history.

The Society's leadership has always been outstanding. Its first president was John Brown, the first U. S. senator from Kentucky. The next president was Judge John Rowan, whose home at Bardtown is now enshrined as "My Old Kentucky Home." One of the Society's early treasurers was George Keats, brother of the English poet John Keats.

The Society is an independent State agency with five divisions; the historical and genealogical library, historical museum, State archives, services and research and publications. In addition, the Society is the headquarters of the Historic Highway Markers Committee, the Records Control Board and the Junior Historical Society.

The Society also is the coordinator of local historical societies throughout the State and

the repository for valuable manuscripts and museum relics.

Kentucky historians whose names have been linked prominently with the Society include the Rev. Robert Davidson, Richard H. Collins, James K. Patterson, Col. J. Stoddard Johnston, George W. Ranck, Ed Porter Thompson, Reuben Durrett, R. C. Ballard Thruston, Otto A. Rothert, Judge Samuel M. Wilson, J. Winston Coleman, Dr. W. R. Jillson, J. T. Dorris, Robert S. Cotterill, William C. Mallalieu and Thomas D. Clark.

Kentucky governors have played an important role in the Society's development. Governors McCreary, Bradley, Beckham, Wilson and Morrow, taking an active interest in history, presided over the Society's meetings. Since 1909, the governors have been presidents ex officio of the Society.

The State's official historical journal, The Register, with subscribers in 42 states and six foreign countries, has been published by the Society since 1903, having the longest continued existence of any learned journal published in Kentucky.

Membership applications may be had from the secretary-treasurer. Every Kentuckian interested in history should be a member of the Society.

SURVEY SHOWS MANY STAIN REMOVAL METHODS COULD BE IMPROVED ON

Be careful about spilling grape juice on various cotton and cotton blend fabrics, says a University of Tennessee graduate student, Margaret E. Davis.

A study by Miss Davis to find methods for removing common stains from these fabrics showed that presently recommended methods were ineffective in over half the cases tested — and grape juice allowed to remain on a fabric sample for 24 hours could not be removed satisfactorily from any of the fabrics by any of the methods attempted.

Stains used in the test — grape juice, merthiolate, nail polish, machine oil, and raw egg yolk — represented examples of a fruit, dye, pigment, grease, and protein. Tests were made on pure cotton, and on cotton blended with silk, nylon, Orlon, Dacron, or acetate.

Next to grape juice, merthiolate was the hardest stain to remove. Only pure cotton and cotton-silk responded to cleaning. Denatured alcohol or chlorine bleach solutions work-

ed on these two fabrics. Hand laundering was also effective in removing the stain from pure cotton.

Nail polish stains were removed with the help of banana oil from everything except pure cotton. Nail polish remover worked on everything except the cotton and cotton-acetate.

Stains from uncooked egg yolk yielded to carbon tetrachloride or benzene on everything except cotton-acetate.

The use of carbon tetrachloride or benzene, followed by hand laundering, was found to remove machine oil stains from all the fabrics.

The study was made under the supervision of Elizabeth J. Rock, textile chemistry professor in U-T's College of Home

We'll Talk About It For Years To Come

The biggest story in Fulton this week . . . the one that has the whole area buzzing with excitement . . . the one that has temporarily shaded the important political activities that are going on . . . is created by a quiet, energetic, able young lady just 17½ years of age: Nancy Adams.

Nancy is just a senior in high school who loves music and who loves to sing. And because she loves to sing, and because she sings well, sixty million people all over the nation will have their attention focused on Fulton, Kentucky, next Monday night.

It will focus on the happy, the pleasant life of Fulton; Nancy's appear-

ance is bound to provide the universal conviction that Fulton must be a fine little community because it has produced such a charming little lady.

The combined efforts of all of the rest of us couldn't BUY good publicity like that, to be seen simultaneously by a third of the Nation in one evening. Nancy brings it to us, free.

Who among us is too proud to acknowledge that, no matter what their age, they can equal the contribution of soft-spoken, quiet, almost-bashful Nancy, in accomplishing singlehandedly more extensive good-will than any single or combined efforts by any group in the town's history?

Harmonious Settlement For School Matter

Last week a page-one story in the NEWS revealed that extensive work is being done in this end of Fulton County to seek 75% of the property owners' names on a petition asking annexation of their county school area to the Fulton Independent School System.

Apparently most of the residents in this area were mad enough to take the matter to the State Superintendent of Education in case their petition

was going to lose out, but from Hickman this week comes the information that the County School Board expected to lose this area around Fulton anyhow, and is evidently prepared to lose it.

So perhaps we can all come to terms gracefully instead of ruffling tempers. We hope so; we need the continued County harmony for many other joint undertakings to come.

SERMONETTE OF THE WEEK

Easter Has A Double Meaning

By Rev. Eugene Burke,
Professor and Author

The Resurrection of Jesus tells the Christian that the power to vanquish death and to put on immortality is now held out to him and to all men. Death, which has always stood astride the path of the future — robbing our dreams of fulfillment — is finally conquered.

YET, EASTER cannot be seen only as a victory. It must enter our lives in the same way in which it entered into the history of man — by way of the Cross. The Resurrection of Jesus is the victory — but death on Calvary is the battlefield where victory was won.

How can failure and suffering, and defeat be the very weapons of victory? What is the meaning of this Christian paradox?

THE ANSWER lies in a fact that enters into the life of each of us — the fact of sin. Sin is the force that alone possesses the power to destroy life.

Not only do pride, selfishness, lust, avarice and murder destroy the noblest hopes of man. But these sins cut across the path of life, destroying our relationship with God. And He alone can fulfill our dreams by an everlasting life.

TO ALL the disorder and fury of man separated from God, Christ submitted Himself, willingly and lovingly, for our redemption. And His obedience, even unto death on the Cross, made it possible for man to be freed from the slavery to sin and be taken into the light and kingdom of God. "By dying He has overcome our death; by rising again He has restored our life."

This is the twofold reality that must be found in our lives if they are to be triumphantly Christian. If we do not share in the power of the Cross over sin, we will not share in the glory of Easter.

AND WE do not share in Christ's power and glory simply by believing in it — or by hearing it — or by reading it. We must LIVE it, by our personal individual acts and choices. Like Christ, we must "do only the things that are pleasing to my Father."

We must live in the conviction that every step of the Christian life, Christ has taken before us, and now takes

with us. This is to share personally in the passion of Christ — the one road that leads to our everlasting share in the glorious victory of Easter Sunday.

NANCY ADAMS—

(Continued from Page One)

musical career that finds her an otherwise-busy musician in and around Fulton: she has her own weekly show over Radio Station WFUL and has been the featured vocalist with Fulton's well-known "Melody Men" orchestra all season. She has just won two music scholarships to Murray State College, and following graduation from Fulton High School in May, plans to study trumpet through the summer at Murray and enter the school of Fine arts this fall, majoring in music.

Nancy is the daughter of Mr. and Mrs. Tillman Adams of Fulton, and lives at 411 Pearl

Street with her parents and young brother, Barry. An older sister, Peggy Binford, lives in Jackson, Tenn.

Career

Nancy began her musical career at the age of four as a singer for various local entertainment. Assisted principally by her aunt, Montelle (Mrs. Nelson) Tripp, who did all of her accompaniment and teaching, Nancy and her older sister, Peggy, who is two years older, won numerous talent contests in the Fulton area as a vocal duet team.

At the age of 9 she learned to play the ukelele and took up trumpet playing at 10. She is an accomplished performer on both, and still does much of her solo vocal accompaniment

with one of her assortment of ukules and banjo-ukules. She has played trumpet in the Fulton High School band since she has been in the seventh grade.

Four years ago, while a freshman in Fulton High School, Nancy began a regular weekly radio program each Saturday morning over WFUL, Fulton, and has been on it ever since... just Nancy and her ukelele. Before sister Peggy married and moved to Jackson, Nancy and Peggy, assisted by Montelle, occasionally appeared on the program with some of their old favorite numbers.

Back when Nancy was 13, "The Melody Men", local dance orchestra, needed a vocalist to fill a 5-night engagement at the Centennial celebration in Union City, Tennessee. Orchestra director Paul Westpheling, who is also publisher of the Fulton County News and owner of Radio Station WFUL, auditioned several and chose Nancy for the job, which she handled very well. Since the time she has been a Sophomore in Fulton High School, Nancy has been the featured vocalist with the orchestra, appearing in dance engagements throughout Western Kentucky and Tennessee and playing in second trumpet between vocals.

Nancy has sung with the band in the Country Clubs of Fulton, Union City, Mayfield, Memphis, Irvin Cobb in Paducah, Kentucky Dam, Strata Club, Ft. Campbell, Gallatin, Tenn., as well as other prominent places throughout the area that the band has played.

In 1954, at the age of 15, Nancy entered the Mid-South talent contest in Memphis, won the district competition and went to the semi-finals. She returned again in 1955 and emerged as one of the five sweepstakes finalists. She returned again in 1956 and barely lost out to Jimmy DeMopolous, who has since attained nationwide fame as a vocalist.

In the mid-South competition she played the ukelele, the trumpet, and sang.

TV appearances include one with sister Peggy on "Pride of the Southland" in Memphis and several guest appearances on WDXI-TV at Jackson.

Nancy has been announced as the winner of a music scholarship at Murray State College for next year by the

Sigma Alpha Iota, National music fraternity for Women, a summer scholarship for trumpet study at the same school, and she plans to enter Murray in June following her graduation from Fulton High School.

On March First Nancy auditioned for the Godfrey show before nation-wide scout Mark Russell in Nashville. She was called back for a final audition by Frank Musiello, scout, and Janette Davis, show producer, on April 5, and selection for the nation-wide TV appearance quickly followed five days later.

Musical Family

Nancy started performing at an early age because she had the advantage of belonging to a musical family. Besides having an older sister, Peggy, who is an accomplished vocalist and organist, her aunt, Mrs. Montelle Tripp, is a good pianist and has been her accompanist through early years, in addition to directing the music of countless entertainments in and around Fulton. For the past five years she has directed the Rotary Minstrel at Dresden.

Nancy's father, Tillman, has delighted Fulton audiences with his performances in minstrels and other occasions for years. Tillman and his sister Montelle are graduates of Martin High school and were entertainers since their childhood around Martin. Relatives now living in Weakley County include a sister, Mrs. Carmack Anderson of Dresden, and a brother, Ray Adams of Martin.

Nancy's mother, Lucille, is a native of Paducah. She moved to Fulton in 1932, and with an aptitude for vocal harmonizing, formed a girls' trio in her younger days that achieved considerable local success. Nancy's grandfather on her mother's side, T. L. Fosko, was a concert violinist in his early days, appearing with several famous symphony orchestras.

JIM WILLINGHAM ANNOUNCES FOR MAGISTRATE JOB

Seeks Full Term After Having Served Unexpired Term

It has been my privilege to serve as Magistrate for the 1st District for the past year and half which has been the unexpired term of C. J. Bowers who resigned because of ill health. I would like to take this means of asking you, the voters, for the privilege of serving you for a full 4 year term.

I believe I am well qualified to represent the 1st District in our County Government, since much of my time in recent years has been spent in Civic and Community work, thereby giving me an acute awareness of the needs of our community. I believe in, and have worked for during the past year and a half, close cooperation between county government and the city of Fulton in the end that both improve and progress.

I was instrumental in getting the Fiscal Court to adopt a policy that all purchases for county use be made in Fulton County where possible. This policy has meant sales for Fulton Firms who had not been receiving this business in the east.

I have been deeply interested in good and efficient government at all levels for a number of years, and if you choose to elect me as your magistrate for the 1st District, I pledge my unceasing efforts towards improvements in all fields within the scope of the office.

If for some reason I fail to personally contact each of you between now and the election, I would like to take this means of earnestly soliciting your vote and influence.

Respectfully submitted,
James A. Willingham,
Candidate for Magistrate
1st District.

STATE OPENS NEW CHECK POINTS FOR INTERSTATE TRUCKS

Two Operating in Fulton on Round-the-Clock Schedule

Kentucky has established a port-of-entry system for checking trucks over 18,000 lbs. entering or leaving the State.

Revenue Commissioner J. E. Luckett announced this program, to be conducted by the Department of Revenue, is designed primarily to insure full compliance with Kentucky's motor fuel tax laws. Luckett said that this is an expansion of the enforcement program which began several months ago.

Thirty-two check points are in operation controlling routes which heavy trucks are permitted to travel. These check points are located at or near the border and are manned on a round-the-clock basis. Two of the points are on the outskirts of Fulton on US 51 and U. S. 45. Seven are employed at each point.

Drivers of all trucks over 18,000 lbs. are furnished a clearance certificate when they arrive at the port of entry. This certificate is to be filled out by the driver and is taken up at a port of exit as the truck leaves the state.

The certificate requires information such as ownership and identification of truck, type of fuel used, gallons of fuel purchased in Kentucky, the route in Kentucky, and number of axles.

CHESTNUT GLADE

Mrs. Harvey Vaughn

Several from this community attended the Weakley County Public School Teachers Banquet in Dresden last Tuesday night. The theme of this meeting was the observance of the National Education Association Centennial.

Former Weakley School Superintendent Wayne Fisher gave a most interesting review of the schools in Weakley County since the first school was established in 1827. The first settlement in Weakley County was in 1819. The many friends of Mr. F. Y. Fugita from Arlington, Tenn., were very happy to have him and Mrs. Fugita attend this fine meeting. Mr. Fugita served as superintendent for eighteen years.

Mr. Ed Eller, who is employed by the State Department of Education, and was the Martin School Principal for several years, was also a speaker on the program. This was reported to be one of the very best banquets ever. Officers for the following year were elected at the close of the meeting.

Mr. L. S. Miles of the Martin School will serve as President next year, with Mr. Bob Childress of Greenfield, Vice-President, and Mrs. Dorothy Smith of Martin as Secretary. Mrs. Sarah Simmons, will serve as Treasurer. Those attending from this community were Mr. and Mrs. Ches Morrison, Mr. and Mrs. Johnnie Miller, Mr. and Mrs. Beecher Finch, Mr. and Mrs. Harvey Vaughn, Mrs. Mary Agnes Thomason and Mrs. Brooks Oliver.

Mrs. Brooks Oliver and Mrs. Billie Parrish are attending the State P. T. A. Convention in Memphis this week.

Mr. and Mrs. Van Brann spent the weekend with home-folks and visited Mrs. Minnie Brann at the Henderson Rest Home in Fulton.

A large group of friends honored Mr. and Mrs. Jerry Rhodes with a miscellaneous shower in the home of his grandmother, Mrs. Ada Rhodes last Thursday afternoon.

Miss Linda Nanney attended a ballet opera at the auditorium in Memphis last week. She and several members of her class went with their instructor, Miss Peterson.

Mrs. Mignone Morrison, Mrs. Rebecca Miller, Mrs. Mary Agnes Thompson and Mr. Beecher Finch attended the State Teachers meeting in Nashville, Friday.

The goat herds in this community have certainly been decreased the past week. Mr. Ross McCollum is buying a car load to be shipped to Texas to the area, that has lost most of their live-stock, due to the drought. Ira Dixon, Harvey Vaughan and Orvin Morrison sold most of their herds.

Diary of Doin's

By Mary Nelle Wright

Hear Mary-Nelle's program, "My Fair Lady" every day on WFUL at 9:30 a.m., Monday through Friday.

Monday night, 11:30 Dear Friends: Perhaps it's best to start the Diary in this manner tonight — since my mind is in such a state of TURMOIL I feel certain that NOTHING coherent will appear on this page. You see, I'm leaving our fair city at five o'clock in the morning for New York City! I'm going with Jo Westpheling, Nancy Adams and her mother, Lucille. And you probably know WHY this trip is possible for four small town gals — as we undoubtedly ARE — Nancy will appear on the Arthur Godfrey Talent TV Show with Jo as her Talent Scout on Monday night — exactly ONE week away.

Frankly I DON'T know why I have gotten in such a DITCH over it as I am just going along for the ride — and to help with the DRIVING — but — do you know — I'm just plain NERVOUS — or — maybe — I'M JOURNEY PROUD! All day long I've worked at the Radio Station trying to get things STASHED away — with the help of ALL of my DEAR friends out there — so that I could be away for the next ten days. And I NEVER could have MADE it — without their help. And may I say right here — how indebted I am to Pardon Gene Gardner who will FORGET about that good Country Style music that he spins daily — and for THIRTY minutes every morning he'll play some classical, semi-classical and ballad style music and will "carry-on" the "My Fair Lady" program for me. Now — that's what I call a FREN — my FREN.

Well — now — back to this JOURNEY PROUD business — If I'd be completely HONEST with myself — I'd just go on and tell you that the REAL MISERY inside me is thinking about GOING THROUGH THE LINCOLN TUNNEL! You know this tunnel goes UNDER the HUDSON RIVER from New Jersey over to Manhattan. And let me tell you — IT'S L-O-N-G! And once you get in it — you're THERE and if you don't OUT RUN the cars BEHIND you THEY'LL OUTFRONT YOU — now that's for SURE. Maybe you're thinking — "I don't see why THAT would worry anybody" — and I suppose you're right — but did you ever happen to think WHAT that place does to a person with a mild case of CLAUSTROPHOBIA? Taint funny. Well — LAST year I had it EASY when we went through the tunnel because we had Don and his roommate, Lew, with us — and they just OUTDROVE ALL of those CITY SLICKERS. But do you KNOW who will have to do the driving THIS time? Take one guess — ME — my CLAUSTROPHOBIA — et al! You see, Lucille has already

told me that SHE is AFRAID to drive in the city — and we CAN'T let anything upset NANCY so that she wouldn't be able to be on the Talent Scout program...and to tell the TRUTH — I'd rather drive through the tunnel behind a team of wild oxen — than to have JO at the WHEEL — because THAT girl CAN'T DRIVE around the streets of Pilot Oak! I really SHOULD stop all of this nonsense — and GO TO BED — but that wouldn't do any GOOD. I'd just lie there — and frankly — I'm in NO mood to COUNT SHEEP! I keep on wondering if I have my clothes all packed. There's one thing — I certainly hope I don't forget those old tan shoes. The thought of all the walking we'll be doing certainly makes me aware of the fact that I'll probably wear THOSE shoes — EVERYWHERE!

Well, FREN — I hate to leave you but I've decided I'll get that good book I have about New York and brief myself again about all of the places I want to see. Maybe if I get my mind on all of the wonderful places like the Metropolitan Opera House, Greenwich Village (and I certainly want to enter the Village at Washington Square), Chinatown, Radio City, Wall Street, Times Square, Metropolitan Art Museum, United Nations, Rockefeller Center, Carnegie Hall, Empire State Building, Little Church around the Corner — and certainly — Central Park and other places too numerous to mention like keeping my fingers crossed in hopes that we can get tickets to see "My Fair Lady".

But — of course — ALL of this will happen — AFTER we go through the LINCOLN TUNNEL — so — goodbye for now — will be back with all of my friends in about ten days. See you then....

Here and There! Driving out the Mayfield Highway a day or so ago — was SO surprised to meet Billy and Joyce Fields Hill. We just had time for a quick HELLO! And a glimpse of their TEXAS license. For the past year Joyce, Billy and little daughter, Renee, have lived in Brownsville, Texas but our engineer friend had a wonderful offer down at Decatur, Ala. so — that will be their home as of now. Billy left on Sunday of this week, but Joyce and Renee will be with their parents, Exie and William Hill and Pattie Mae and Roper Fields until Saturday, when she and darling little Renee will join Billy in Decatur.

The vows will be exchanged on Saturday morning, April 27, 1957 at 9:00 at the St. Edwards Catholic Church, with Father William R. Carroll officiating.

The bride will be given in marriage by her brother, Joe Holland of Detroit, Michigan. She has chosen Mrs. Bill Fenwick as matron of honor and Wanda Holland will be the bridesmaid, both are sisters of the bride.

Immediately following the ceremony a reception will be held at the Fulton Woman's Club. Assisting at the reception will be Nancy Holland, Virginia Forrest, Ruth Holland, Donna Ashby and Grace Holland of Detroit, Michigan. Relatives and close friends are invited to the wedding and reception.

Among the many parties being given for Martha Sue Holland and Robert C. Cash, who will be married on April 27 was a lovely one given by Mr. and Mrs. Irvin Cash and Mr. and Mrs. Howard Cash at their home in Fancy Farm, Ky. recently.

Games and contests were enjoyed by a large group of relatives and friends, after which Bobby and Martha opened many nice and useful gifts. The hosts served a delicious party plate of sandwiches, potato chips, pickles, cake and ice cream.

Those from Fulton attending were Mr. and Mrs. Billy Holland, Mrs. Bill Holland, Miss Nancy Holland, Mr. and Mrs. Bill Fenwick, Mrs. Nettie Hicks and the honoree.

The lovely country home of the Smith Browns was the scene recently of a miscellaneous shower given in honor of bride-elect Martha Sue Holland with Mrs. Brown and Mrs. Leroy Brown as co-hosts.

The house was decorated throughout with attractive arrangements of spring flowers. The honoree looked lovely in a blue and white striped Jerry Gilden dress with blue trim. She wore a corsage of white carnations which was a gift from her hostesses.

Games were conducted by Mrs. Bill Fenwick with prizes going to Mrs. Billy Holland, Miss Wanda Holland and Miss Iola Stroud. The honoree opened her many nice and useful gifts after which the hostesses served a party plate to the following guests:

Dear Pat,

Here I am again. I would like for you to answer a few more questions for me. Will the land we buy pain your farm?

Will we build a new house or will we buy a farm with a new house on it? Will I hold my job, or will I be laid off soon? Is my sister drawing some kind of check each month other than the one she is working out? Is there really something wrong with her husband?

I also wish you would answer a few questions for my friend. Does her boyfriend really love her? Will they ever get married? Does he ever step

out on her? When will they get married and where? Please answer soon.

L. U. L.

Dear L. U. L.

No the farm land you buy will not join your farm, it will have a new house on it. Yes you will hold your job, you may be laid off a couple weeks but no more. Yes, your sister is drawing a government check. Yes, her husband has a bad case of just poor old laziness. Yes, her boyfriend does love her but will never marry, as there will be someone to come between them and she will marry the other man.

Dear Pat,

I am proud you are back in the paper. I enjoy the letters you answer. I would like for you to answer a few questions for me.

Will my daughter have to be operated on? If so, will she be okay? Is she happy? Is her husband good to her and her boy? Does he dislike us? If so, why?

Will we go on a vacation this summer? If so, how will we go? Will I get the big thing I am planning on this summer? If so, will I come out with it okay? Will I get strong again?

Will my husband ever get another job, or will he remain at home? Please answer this.

Mrs. G. M.

Dear G. M.

No she will not have to have the operation; yes, she is happy; yes, her husband is good to them; no, he doesn't dislike you however he doesn't appreciate your meddling. Yes, you will take a trip this summer by train. No, you will not get the thing you are planning on. You are strong now. Yes, your husband will get another job.

Dear Latane,

I am a lonely widow and writing to a man I've never seen before and he has never seen me.

He tells me he's a nice man. If he ever comes to see me will he like me, and want to

marry me. Will I like him?

Thanks to you,

G. S. I.

Dear G. S. I.

I think you are a very foolish woman to join a lonely hearts club to find a husband not knowing if he's an ex-convict drunkard, thief etc; nothing at all about his background, character etc; and I hope you aren't foolish enough to think this man would tell you the truth? It seems to me that you lonely widows would read enough about these clubs in the papers and not join them, for every few days you pick up the paper and see where some foolish woman got killed and when it is all ironed out they find she had joined a lonely hearts club and found a husband and he kills her. My advice to you is join the church take an active part in church affairs and if you want a husband that had there are several men foot loose and fancy free around Fulton that could learn a little something about. Forget this man your writing to, and the club, before you end up as so many have done: 6 feet under the red clay.

Dear Patricia,

I enjoy your letters very much. Please answer these questions for me. Will I be called to work? If so, when? Will I ever own a home freezer? If so, when?

Will I get to remodel my home as I have planned? Will I visit my friend in the future?

Thanks,

G. T. M.

Dear G. T. M.

Yes you will be called to work in May. You will get a home freezer next spring. You will get most of the remodeling done but not all of it. No you will not visit the friend out of town.

Dear Pat,

Have read your letters each week, and would like to ask a few questions.

I have in mind accepting an extra job. Will I accomplish anything by accepting this job? If so, when will I get it? How many children do I have and will I ever marry again? If so, when and where will I find this man?

P. S. If I happen to marry ever again, will he be good to the kids, and will he be a christian man, or like I have had.

Thanks,

I. R.

Dear I. R.

No you will not get the extra job; you have five children. Yes, you will marry again and the man you will marry is a close neighbor to you; he will lose his present wife this summer and you will marry him next spring. He will be good to you and your children and he is a christian man.

Miss Patricia Latane,

I read your column with interest, and enjoy it very much. Will you please answer a few questions for me in the next week or so? As I'm anxious to know what to do.

Will I keep my present job, or should I do what I've been thinking of, quit this and do one with children?

Will I get my house redecorated this spring? Will we sell out, or should we?

Will my son find work close to home, or will he go back north? Will I always have to work this hard, or will things get easier for me?

P. S. Will my sister marry, and when?

Thank you so much,

W. S. R.

Dear W. S. R.

My advice to you is to keep your present job. Yes you will redecorate your home, no, you will not sell, no, your son will get close to home, things will be easier in the near future.

Yes, your sister will marry within the next 3 months.

Dear Miss Latane,

Recently one of my girlfriend's car was stolen. Could you tell us who stole it and where it is now?

I would also like to know if I will continue to work where I am working now. Will I advance, and will I remain in Fulton?

P. S. Will my girlfriend ever get her car back?

Thank You,

J. F.

Dear J. F.

I'm sorry but to give you the information you want in connection with your girlfriend you will first have to get her writing and send to me. Yes, you will continue to work where you now are and you will advance and stay in Fulton.

Dear Pat,

So glad you are back in the News. I think it's a fine paper. Please answer this question for us, in next weeks paper.

My husband has been called back for another examination. Will they take his pension away from him? Is there anything wrong with him?

Thanks,

A lonely one

Dear Lonely One

No your husband's pension will not be taken away from him as there is something wrong with your husband, more then even you know.

Dear Patricia,

I would like to ask you a few questions.

Will I ever make anything in what I am trying to do? What should I do to have a happier life? What do men and women think of me?

Why does my husband want to be gone by himself so much? What does he think of me? Will my health be good or bad this year?

Will I ever have things I

need and want?

Thanks,

E. R.

Dear E. R.

Go to church get out and mix with other people, life is what you make it, and you are making your's a life of H---. Other people think you are stuck up because you aren't friendly. Your husband loves people that's the reason he goes off and leaves you; your husband loves you but he doesn't know what to think of you. Your health is alright there isn't anything wrong with your health. Yes, you have everything you really need now, everything to be thankful for, you should get on your knees and thank God for your blessings. All I ask is stop feeling sorry for yourself and wake up and live before you loose what you have.

Dear Patricia,

I do so much enjoy reading your column and I admire the frankness that you possess.

I'm writing to you for a favor, the things that you are so famous for. Something happened to my glasses some months ago. So far I haven't been able to find them. I hate to think that someone stole them. Maybe I've misplaced them. Since we've moved to town after I lost them, would you please tell me where they are?

Now that I'm going to school I need them so bad.

Expecting to see an answer from you in the next paper, please.

Sincerely Yours,

F. S.

Dear F. S.

Your glasses were stolen; the person that took them can't use them for any earthly use what so ever; just took them to be taking something. This persons initial is "J" and supposed to be a friend.

Adams to the Skyscraper City when she will appear as one of the national winners for the Godfrey Show. I can't begin to tell you what it means to Fulton to have our own little Nancy on that program, and I must say that I will be hoping as you are, that she will win and start her pathway to the stars of stardom. If she doesn't win...that's only a technicality, for to Fulton she's a winner in anybody's league.

But let me tell you one thing folks, it ain't comfortable when you're asked to be on a coast-to-coast television show. It ain't easy on the nerves, I mean. I daresay, I haven't slept more than two hours, all added together, since last Wednesday when New York called Nancy and told her she had been picked to go to New York for the "big try." Nancy immediately called me and since then I have a small complication of the palsy and St. Vitus dance. The kids have started worrying, but good, because when one of them asked for a second helping at mealtime and I started combing Mary Jo's hair right in the middle of the meal you can say for sure I have the television nerves. Paul has looked at me like one would look at a big hound dog with distemper...with pity and foreboding...he really hasn't been assured yet that all the little wires in my alleged brain wouldn't pop like the main spring on a big watch.

What's 20,000,000 people I have said to myself when I start drooling like an idiot...shucks, just nothing to be scared about. Then all of a sudden I think of all those things about "coast-to-coast"...national hook-up"...television screens and lights"...Arthur Godfrey"...New York City"...its for the birds...and not the little sparrows around our house.

But with all my fear everybody has been perfectly grand about the whole thing. Most people are happy that Fulton, Kentucky and South Fulton, Tennessee will get some national publicity...and you can just bet your rock bottom dollar that if Arthur Godfrey gives me one small bit of a

Shower Will Be Held For Allans

A church-wide kitchen shower will be held Sunday night at First Methodist Church for Mr. and Mrs. Leonard Allen, whose home was partially destroyed by fire Sunday morning.

The shower will be held in the church dining room following the Sunday evening service at seven o'clock. The service will be a choral and drama presentation by the combined youth choir of the church.

Church members are being contacted by telephone, and other friends are invited to attend. Information may be obtained by calling the church office, Phone 241.

The shower is being held as a gesture of appreciation to Mr. and Mrs. Allen and their daughter, Janet, all of whom actively participate in all phases of service at the local church.

chance I'm going to get a plug in about the ole home-town.

We had first thought about flying, but I'm not one for the clouds...even though I stay up there lots of times, we then discussed the possibility of taking the train, but the long, monotonous trek through the mountains didn't do a thing for us, so we hit on the idea of driving. Four of us took to the highways on Tuesday morning just as the sun (?) started peeking out. If our past record of accurate driving keeps up, we'll probably make it to New York by the Fourth of July. Maybe Lucille and Nancy are better at directions than the other occupants of the car.

But one thing I promise that I won't do...and that is to start asking every service station from Dukedom to Washington, D. C. "which way to New York?"...No sir this time I'm going to follow the map...even if it is the tour-guide made for me when I went to Hollywood, California, twenty years ago. After all, being on television has its prestige and I don't want to call Godfrey from Florida and tell him we thought the audition was in Havana.

See you on TV next Monday at 7:30 p. m. on KFVS-TV.
